

Integrating & Applying the Basadur Simplicity Innovation System Level 3

Adapt the Basadur Simplicity
Process to your organization's
specific needs

Certification:

Certified Basadur Simplicity Integrator

This five-day intensive learning experience will expose you to the strong evidenced-based research on which the Simplicity Thinking system is based. You'll learn how to adapt the process to your organization's specific needs, and apply it to strategy, career development, collaboration, and the implementation of a company-wide innovation culture.

Basadur
Certified
Practitioner
